A CENTURY OF ATHLETICS

encompasses countless hours spent training, developing and curating the athletic repertoire SFA offers today. From exhilarating battles to reveling each win, the Lumberjacks and Ladyjacks have continued to rise to the occasion, placing Nacogdoches on the map. As you peruse through the effervescent history of athletics, we hope you are reminded of the wonderful and often times comical growth of our various programs. From cheer skirts that hit the ankles to becoming 35-time National Champions, to basketball being the team who sported the shortest shorts, SFA has been evolving with its student body since 1923. May the next 100 years continue to bring new rivals, new wins and even more Lumberjack pride.

Marje Smith, senior defensive end from Marshall, visits with Director of Football Operations Tomas Rodriguez during pre-game stretches at the 2022 Battle of the Piney Woods.
